## The Need

Accidents happen to all kinds of people every day. In 2007, 34.3 million people—about 1 out of 9—sought medical attention for an injury.\*

What would the financial impact of an injury mean to your security? Are you prepared for medical debts in addition to everyday household expenditures and lost wages? Out-of-pocket expenses associated with an accident are unexpected and often burdensome; perhaps the accident itself could not have been prevented, but its impact on your finances and your well-being certainly can be reduced.

\*Injury Facts, 2010 Edition, National Safety Council.

Aflac pays cash benefits directly to you, unless you choose otherwise. This means that you will have added financial resources to help with expenses incurred due to an injury, to help with ongoing living expenses, or to help with any purpose you choose. Aflac Accident Indemnity Advantage is designed to provide you with cash benefits throughout the different stages of care, regardless of the severity of the injury.

Aflac enables you to take charge and to help provide for an unpredictable future by paying cash benefits for accidental injuries. Your own peace of mind and the assurance that your family will have help financially are powerful reasons to consider Aflac.

### THE ACCIDENT INDEMNITY ADVANTAGE INSURANCE POLICY HAS:

- 1** No deductibles and no copayments.
- 2** No lifetime limit—policy won't terminate based on number or dollar amount of claims paid.
- 3** No network restrictions—you choose your own medical treatment provider.
- 4** No coordination of benefits—we pay regardless of any other insurance.

Aflac herein means American Family Life Assurance Company of New York.

## TERMS YOU NEED TO KNOW

**Accidental Death:** death caused by a covered Injury. See the Limitations and Exclusions section for Injuries not covered by the policy.

**Common-Carrier Accident:** an accident, occurring on or after the Effective Date of coverage and while coverage is in force, directly involving a common-carrier vehicle in which a Covered Person is a Passenger at the time of the accident. A common-carrier vehicle is limited to only an airplane, train, bus, trolley, or boat that is duly licensed by a proper authority to transport persons for a fee, holds itself out as a public conveyance, and is operating on a posted regularly scheduled basis between predetermined points or cities at the time of the accident. A Passenger is a person aboard or riding in a common-carrier vehicle other than (1) a pilot, driver, operator, officer, or member of the crew of such vehicle; (2) a person having any duties aboard such vehicle; or (3) a person giving or receiving any kind of training or instruction. A Common-Carrier Accident does not include any Hazardous Activity Accident or any accident directly involving private, on demand, or chartered transportation in which a Covered Person is a Passenger at the time of the accident.

**Covered Person:** any person insured under the coverage type you applied for: individual (named insured listed in the Policy Schedule), named insured/Spouse only (named insured and Spouse), one-parent family (named insured and Dependent Children), or two-parent family (named insured, Spouse, and Dependent Children). Spouse is defined as the person to whom you are legally married and who is listed on your application. Newborn children are automatically covered under the terms of the policy from the moment of birth. If coverage is for individual or named insured/Spouse only, and you desire uninterrupted coverage for a newborn child, you must notify Aflac in writing within 31 days of the birth of your child, and Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due. Coverage will include any other Dependent Child, regardless of age, who is incapable of self-sustaining employment by reason of mental illness, developmental disability, mental retardation (as defined in the mental hygiene law), or physical handicap, and who became so incapacitated prior to age 26 and while covered under the policy. Dependent Children are your natural children, stepchildren, or legally adopted children who are under age 26. A Dependent Child [including persons incapable of self-sustaining employment by reason of mental illness, developmental disability, mental retardation (as defined in the mental hygiene law), or physical handicap] must be under age 26 at the time of application to be eligible for coverage.

**Effective Date:** the date(s) that your coverage begins as shown in the Policy Schedule. The Effective Date is not the date you signed the application for coverage.

**Guaranteed-Renewable:** the right to renew the policy by payment of the premium due on or before the renewal date. The policy is Guaranteed-Renewable for your lifetime, subject to Aflac's right to change premiums by class.

**Hazardous Activity Accident:** an accident that occurs on or after the Effective Date of coverage, while coverage is in force, and while a Covered Person is participating in sky diving, scuba diving, hang gliding, motorized vehicle racing, cave exploration, bungee jumping, parachuting, or mountain or rock climbing, or while a Covered Person is a pilot, an officer, or a member of the crew of an aircraft and has any duties aboard an aircraft, or while giving or receiving any kind of training or instruction aboard an aircraft. A Hazardous Activity Accident does not include any Common-Carrier Accidents.

**Hospital Confinement:** a stay of a Covered Person confined to a bed in a hospital as an inpatient, and for whom a room charge is made. The Hospital Confinement must be on the advice of a physician and the result of a covered Injury. Treatment or confinement in a U.S. government hospital does not require a charge for benefits to be payable.

**Injury:** a bodily injury caused directly by an accident, independent of Sickness, disease, bodily infirmity, or any other cause, occurring on or after the Effective Date of coverage and while coverage is in force. See the Limitations and Exclusions section for Injuries not covered by the policy.
