*Aside from the AFA National Association's concerns for bringing recognition to today's market of semi- pro type teams and leagues - its desire to keep alive the memories of those who were associated with this level of the sport for the past 100 years has come to the forefront in the formation of the AFA's Alumni Clubs. Operating under the umbrella of the AFA's non-profit tax exempt corporation, the American Football Association has begun issuing "Charters" to team, regional and state alumni organization who qualify for official Alumni Club status.*
